Within the framework of the training for water supply and sanitation system management, for local authorities and utilities in B&H, funded by UNDP BiH, and implemented by HEIS, on Wednesday 25nd September, was held lecture on the theme: Water losses in water supply systems. Lecture was held at San Hotel in Laktasi. Representatives of municipalities: Bosanska Krupa, Cazin, Bosanski Šamac, Srbac, Orašje, Prnjavor and Kostajnica attended on lecture.

Knowledge of all the participants at this event were tested before and after the seminar and all participants were given appropriate certificates.

During this year, it is planned to be held one more similar seminar that will be invited representatives of ten another municipalities and utilities from BiH.
